BOOK SYNOPSIS

Delivering a baby, sleep deprivation, giving bad news, dissecting bodies, seeing death—the journey of becoming an MD is not an easy one. Join the author as he takes you through his four years at Duke Medical School. Through this book, he explores the world of medicine through fresh eyes and shares the serious, the stressful, the entertaining, the unbelievable, the struggles, the sick, the unexplainable, and the stories that taught him everything he learned in medical school (besides all the book stuff, of course).
