BOOK SYNOPSIS

Excerpt from Practice and Science of Standard Barbering; A Practical and Complete Course of Training in Basic Barber Services and Related Barber Science "The Practice and Science of Standard Barbering" marks a major advance in barber training. With the help of leading barber schools, instructors and educators, all the essential fundamentals and know-how of barbering have been combined into one comprehensive textbook. Step-by-step instructions are clearly described for basic barber services. Many illustrations, charts, examinations and a glossary have been included. The regular study of this text assures complete training and thorough preparation for State Board Examinations. Every barber who wants to combine professional skill with modern, scientific knowledge, and desires to maintain high standards of service will find that this text answers a real need. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
