## BOOK SYNOPSIS

Do the terms ad valorem, zero-minus tick, and disintermediation give you a headache? Do you need to take the Series 7 exam? If you can answer yes to both of these questions, then you've come to the right place. Robert Walker, a professional trainer who specializes in the NASD/NASAA Series 63, 65/66, 6, and 7 exams, has written this book for those who are about to brave the Series 7 examination. Armed with an M.F.A. in writing and a B.A. in English, Walker has managed to translate Securities-ese into plain English, with a liberal dash of humor. This must-have book guides you through the intricacies of the Series 7 exam. Walker takes the exam apart piece by piece, and explains terms and concepts with a sense of humor and ease not found in other exam guides. He shows you, step-by-step, how not to be misled by the questions. In addition to practice questions liberally sprinkled throughout its lessons, Pass the 7 includes study sheets summarizing the lessons, a section devoted to test-taking strategy, and a comprehensive glossary and index. Once you've finished this book, you will be able to take the test with confidence! Companion audio training CDs available online.
